The Bad Boys finished the end of the season at 2nd place but that didn't stop them from looking to the playoffs as a way to finish with a victory. They started throwing on Sunday morning against their rivals, Trippin Out, who had been shutting them out for two playoffs at a chance to win. This time they shut down Trippin Out and made it to 10 points quickly putting them out of the playoffs and moving on to the 2nd round. Their journey to the final round was blocked by two teams, Got Wired and Bag O Nails. They passed them both and met their A division 1st place team, Steel Bad. During the season, they met each other twice and both times Bad Boys beat Steel bad. First it was a 13 - 5 win, and the next was an 11 - 7 win. This game was no different than what the Bad Boys had shown all season. The Score was 9 - 3 after all 301 and cricket games were played. The first 601 game was the decided game whether Bad boys could finish them off or be forced to a 2nd game of 601 and a possible 1001 match up. The Boys had previously been forced down this road last season versus Trippin Out and didn't want to do it again. With a close match, Josh Cole took his turn with only 18 left. His first dart missed outside, his second was low but hit a single 14, leaving him 4 left for double 2. His third dart found double 2 and the Bad Boys took their win behind Captain Travis Stacey leading them all season. Josh Cole was named MVP. Team lineup from left to right: Scott Thrap, Travis Stacey, Josh Cole, Brian Little, Tony "Goose" Trist, Maury Alpert, Glenn Jenkins, & Ryan Page. Travis Stacey announced that this was the last time the Bad Boys would be together. We send our thanks to Travis for his time under SADA.

Presidents of SADA

There have been several presidents throughout SADA's existence that have done tremendous work for our league, but last year's past president Dan Jordan will be highly remembered for all the work that he has put into this league. President Dan Jordan resigned from his position due to health issues. He has left the city of Savannah and we wish him good health and a good recovery. It was voted on that our Vice President, Travis Stacey, take over duties of the President and that Teresa Bonifacio take over as acting Vice President. Travis Stacey had big shoes to fill and did an the job as best as he could. A bowl was bought as a gift to send to him and during the playoffs players could write notes to put in the bowl to send to Dan. The Gavel that is used during Board meetings was also sent to him as a token of appreciation.

"Thank you Dan for all of your hard work over the years. Your leadership will be missed" - Payton Moxley

"I had the opportunity to work for 2 years as vp with Dan as president, I can tell you that you have to search hard to find someone who loves this organization as much as Dan Jordan. SADA will missed his leadership and passion. As a Friend of his I will say that he would appreciate calls when we all have a few minutes. He misses being part of this awesome family we call SADA." - James Stevenson
