Congrats to Steel Bad who took the city playoffs in the finals by defeating Seein' Double with an extraordinary matches coming down to wired darts on each side. All day on Sunday, Steel Bad was shooting consistently good darts without losing many matches. They played 3 matches against some good competition in order to arrive at the playoffs. Once at the finals, they found themselves against the 1st place A division rivals, Seein' Double. Lamar Scroggin started the matchup against Sean Morehouse, and took the first win. Maceo, Henry and Vedo also won their 301 matches to secure a 4 point total going into cricket. In the first cricket game against Sean Morehouse and Scott Thrapp, Lamar and Henry had a difficult challenge against the undefeated cricket team of the season. With only 1 Bull left for Morehouse to hit at the end of the game, Lamar walked up and needed two bulls and two 17's in order to win. He hit a double bull and a triple 17 to win the cricket match. From there Joe and Vedo took the second game, while goose and Maceo finished the cricket sweep for a 10-2 victory over Seein' Double. Lamar Scroggin was named the team's MVP for his contribution to the team's finish and his overall darts the whole day without losing a single game he played. Steel Bad placed 2nd for the season behind Seein' Double, but they got to prove that they were the champs despite the season standings. Just watching the guys play on Sunday gave no doubts that they could take the trophy, which had previously fallen short the last few seasons against their rivals. With this victory in the bad, Steel Bad now looks to the Fall Season and another playoff possibility!
